### **THE HISTORY**

Christian Baptist Church was created in 1953 on Charbonet Street to provide services in the area of worship, biblical teaching, weddings, and funerals. It was also a place for counseling and feeding the needy. Later the church began to promote and develop after-school programs.

### **THE VISION**

The Christian Baptist vision for the community is to provide services in the areas of counseling, drug rehab, programs for battered women, and after-school tutorial programs.

### **CURRENT NEEDS**

After Hurricane Katrina, due to the devastation to our church building, we have been in fellowship with five other churches. Before Katrina we conducted Sunday school and had a number of community ministries. We had an open-door Bible study, a program for feeding the hungry, a vital youth ministry, and women's ministry. Our after-school tutoring program was supported by a Boy Scout grant, and we provided a Holy Treat program instead of Halloween. We are able to continue with a youth department, which holds services every fourth Sunday, and we are working to redevelop our other ministries. Our needs are these:

1. Roofing materials and structure materials.
2. Electrical work, plumbing, and air conditioning.
3. Male/Female restroom.
4. Flooring, furniture, kitchen appliances, and other inside items.
5. Hymn books and musical instruments, such as drums, organ/piano.
6. Computers, a printer, fax machine, and office goods.
7. Pastoral robes and choir robes.
