THE HISTORY

The New Genesis Bible Church was founded in May 1992 and incorporated August 18, 1992, with approximately 25 adults and their children. We were originally part of a denominational church, and we were given an opportunity to build upon Biblical principles as opposed to a more traditional background.

THE VISION

To direct the people of Almighty God, Yahweh, to develop the kingdom on earth as it is in Heaven with the Bible as the tool of teaching and application. Post Katrina we must be advocates for the poor, the widowed, and downtrodden.

CURRENT NEEDS

Before Hurricane Katrina we had Bible study, Sunday school, women's ministry, brotherhood, couples ministry, a prison ministry, and an outreach mission ministry. We had an especially vibrant youth ministry. We have had to remove our church building due to a compromised roof and major water damage and do not yet have the resources to replace it, but we continue to focus on worship service and Bible study. We also have a juvenile prison ministry at the Rivarde Juvenile Detention Center. We minister as well at the Bridge City Correctional Facility and are partners with the local P. A. Capdau school, providing a scholarship in memory of a faculty member. At that school we help students with motivational speaking. Finally, we are involved in helping to rebuild the city, focusing on getting senior citizens back into their homes. Our most immediate needs are:

1. Health care for the minister's family.
2. Financial aid for mission needs.
3. Resources for a church building.
